# PRODUCTS

Custom Architectural Woodwork has provided architectural millwork and furniture for a variety of commercial and residential projects. We specialize in Hotel and Resort projects, Corporate Office projects, Department Store and Specialty Store case goods and fixtures, Restaurant millwork and furniture.

Custom Architectural Woodwork has also enjoyed involvement in a diversified array of projects which include custom furniture, custom millwork for high-end residential homes, university library woodwork, and has even crafted a custom trophy case for the American Golf Tournament.

Custom Architectural Woodwork believes that there is no material more beautiful than wood. Wood provides the framework for building any look new or old, traditional or modern. It is warm, inviting and natural. However, we understand that our clients require other non-wood materials from time to time. We work with and provide marble, glass, stone, granite, pressure laminate and various metals including stainless, brass and aluminum. We have even provided custom hardware to accommodate special design needs.

# SERVICES

When it comes to providing services, Custom Architectural Woodwork enjoys Concept-to-Installation projects. Using this method, we can reduce project time, costs and provide quality and efficiency throughout production.

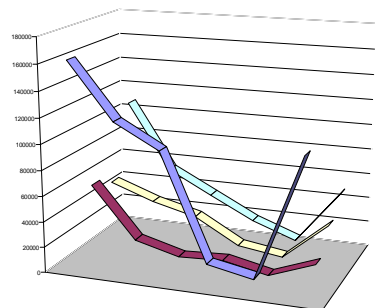

Custom Architectural Woodwork's comprehensive services include:

- Shop/production drawings from concept, renderings or architectural drawings.
- Engineering to meet space and equipment requirements and maintain the integrity of the design.
- We work closely with the design team to ensure that mechanical and engineering specifications are met to insure quality and accuracy.
- We coordinate with other trades to maintain accuracy with respect to our fixtures and electrical, flooring, HVAC, kitchen equipment, computer equipment, and plumbing.
- We provide, at no charge extensive budget consulting to provide the most cost effective ways of maintaining the integrity of your unique project without compromising the design.

Because no one likes a project filled with delay, cost overruns, change orders, etc., Custom Architectural Woodwork strives to ensure that its products are correctly manufactured the first time. Our fixtures are completely finished when they leave our facility to maintain the highest quality standards.
